

REGION 7

47th NUTRITION MONTH PRAYER

Almighty God

We humbly come before Your throne of grace today
We praise You for the life you bestowed until this day
For all the blessings

You showered upon us we are grateful
Your love that constrains us we remain hopeful

Our lives are formed by
Your hands in a very special way
You make us understand that from
womb until the child's second birthday
A special moment called the
golden window of opportunity
May every growing child reach
their potential fully

This year, as we celebrate the Nutrition Month
Give us our daily strength and direct our path
From the national leaders to the local ones
Be of wisdom and knowledge in abundance

To all the citizens especially those who are vulnerable
We ask for Your hedge of protection be made available
Please open their hearts and minds to
receive nutritional messages

That we can see smiles painted in children's faces

Many suffer as the pandemic crisis still going on
Touch them by Your healing
hands so they won't feel alone

Grant us the resilience to ensure proper nutrition
Unite us as one to prosper our nation

May you deepen our commitment to our
mission to serve other's lives
That all of us appreciate its significance in our lives
May the various activities related to
this event be a success

Through your divine intervention that never ends

All these we pray in Your mighty name. Amen
